TALEB GROUP SCHOOLS, DOHA

PRINCIPAL'S MESSAGE

Greetings and warm welcome to you at Cambridge International School (CIS) which has a reputation of excellence and we will continue to strive to become the best. As Principal, I feel pride in leading such a prestigious institution. Shaping young, impressionable minds is one of life's biggest challenges. At CIS, we aim to empower our students to grow as individuals with strong minds having an international perspective, preparing them to compete and make a mark in the global village- the world has come to be today. I would like to tell you more about the philosophy of education that underpins education at CIS where learning is at the heart of all that we do.

At CIS, our curriculum is based on the National Curriculum for England, adapted to include the requirements of education in Qatar and to meet the needs of our students. The curriculum is designed to provide not only academic knowledge and information but also to develop the skills that will help our students to achieve success in the future. Our students aspire to become lifelong learners, developing independence and a love for learning that will enhance their personal lives and careers in the future.

CIS is a co-ed school from KG 1 to A Level. Students of all nationalities study in CIS.

Education in the 21st century is not just about classroom learning and memorizing facts. Education in its fullest sense is active, not passive. It encompasses the development of skills such as the abilities to think more deeply, to analyze, to evaluate, to explain, to summarize, to synthesize and be able to

create. It comes from a range of experiences both within the classroom and outside.

At CIS, our students not only have excellent opportunities to study the necessary range of subjects in the classroom but also to participate in enrichment activities, which enhance their all-round education. They are encouraged to have self-confidence, curiosity and ambition, to share ideas, to discuss, to ask and to answer questions, to be inquisitive and to be creative. They are encouraged to develop the personal qualities of humility, compassion and respect. Learning is a journey, one that is full of surprises, challenges and enjoyment. It is a journey that I am sure every student will find exciting, fulfilling and memorable at CIS. I hope that as you peruse through the contents of this website, you will get a sense of rich flavor of life at our school.

I encourage you to visit our beautiful school and see that we are a school committed to children. I look forward to partnering with you as we are building Better Futures.

After IGCSE, students may continue to study Advanced Supplementary (AS) and Advanced Level (A level) subjects, mainly through CIE. These qualifications will enable them to gain entry into most worldwide universities.

Separate information and consultation evenings help students and parents to become familiar with the content of IGCSE courses and choose the subjects best suited to their abilities and career aspirations. The school provides additional lessons in English, Mathematics and Arabic for students requiring extra assistance.

SUBJECTS STUDIED

The subjects your child will study each term are given on the school portal. You can support your child's learning by encouraging him/her to undertake research, wider reading or visits in association with the current topics.

EXTRA-CURRICULAR ACTIVITIES (ECA)

Learning beyond the classroom helps to build areas of special interest and fosters wider learning opportunities. Activities are blended within the academic time table. The programme includes the activities related to personality development, mental ability and sports. The activities blended with

Academics give an extra strand to enhance the child's education and this also increases the student's participation. Activities take place on a daily basis. Students from Year 1 to 10 are involved in activities on all 5 days.

CO-CURRICULAR PROGRAMME - EDUCATIONAL VISITS

Educational visits, a part of co-curricular programme forms an integral and important part of the educational process within the whole curriculum.

Every step is taken to ensure good organisation and safety on these trips. Parents are informed well in advance about any special arrangements or resources required.
